

Madison City Schools High School Summer Learning Resources

These resources can assist you in keeping your academic skills sharp during the summer months. You should definitely spend time relaxing and enjoying yourself, but keeping your mind engaged in thinking and being creative are essential.

CLEVER is a single sign-on program that allows students to sign in and gain access to multiple resources using their @madisoncity.k12.al.us credentials. The resources denoted by the Clever symbol can be accessed through this program.. [Click here for video tutorial on accessing Clever](#). If you have any trouble signing in, [click here for a one page tutorial](#).

Alabama State Department of Education Summer Learning Challenge

The Alabama Summer Learning Challenge raises awareness of the summer loss epidemic, shares research on the importance of personalized activities and provides access to a variety of free resources to targeted summer learning.

- [Summer Learning Challenge - ALSDE](#)

English/Language Arts

These on-line resources connect you to activities and information to improve reading, writing, and critical thinking skills. Reading and writing, for even a short time each day, help you to relate to others better, express your thoughts and feelings, build your brain's capacity to learn and remember more, and relieve stress.

- Summer Reading - All summer reading texts and assignments are listed <https://www.mcsummerreading.com/>
- **C** NoRedInk - Improve your writing skills through grammar and mechanics practice

Math

Your brain is a muscle, and like any muscle it needs exercise. Math requires you to use abstract and concrete thinking skills. One source states that working math problems exercises the brain in ways that no other activity can. These math activities can help you do just that.

- **C** Khan Academy
- [That Quiz](#)
- [Virtual Nerd](#)

Science/STEM

The fields of science and STEM can open up the world for you. You develop skills in math, reading, critical thinking, problem-solving, and creativity. It is so important to see the world around us through the eyes of a scientist to make connections and see all of the possibilities that the human mind can conceive.

- **C** Khan Academy
- **C** LearningBlade
- **C** IXL - Available on June 1

Social Science

You are a citizen of the world. Studying social science helps us look back at the past to learn from it and make the world a better place for everyone, realizing that we have far more in common with other people than differences. Explore these sites to keep your social science skills spot on.
