

Parent/Guardian Involvement in AVID

Welcome, AVID Parent/Guardian!

I want to thank you in advance for volunteering to be more involved with the AVID Elective and your child's AVID class in particular. I would like to determine what you are interested in being more involved with and how best to contact you to follow up on this.

I plan to set up a contact system through which I can let you know when we have opportunities for parent/guardian involvement. The best contact system for me would be via email or text, but if you prefer a phone call, that is also an option. I've listed my contact information below. Please let me know if you have concerns or ideas at any time.

Please detach the bottom of this sheet, complete it, and have your child return it to me.

Thank you,

Donnie Moore
