## COURSE OVERVIEW

Welcome to Spanish I! This course is designed to lay a strong foundation in Spanish, preparing students for advanced Spanish classes, including AP Spanish.

Throughout the year, students will develop essential language skills—listening, speaking, reading, and writing—through various interactive and immersive activities.

This course is mainly in Spanish. Immersion is the most effective way to learn a second language. It's normal to feel frustrated at first, but trust the process! This comprehensive approach ensures that students not only meet but exceed the expectations set for Spanish 1, setting them on a path to excel in advanced Spanish courses and achieve fluency in the language.
