Career & Technical Education

UAH does not generally provide credit for most of these courses because it is considered technical credit.

However, there are two exceptions: BA in Professional Studies and BS in Engineering Technology. These degrees will accept and apply up to 34 credit hours of technical credits to fulfill general elective requirements. UAH articulates technical credit as TEC 1xx, TEC 2xx, or TEC xxx.

Listed below are the courses that UAH will accept for credit.
